

Using the latest technology, these high-resolution works are digitally printed to either acrylic (Perspex) or adhesive vinyl to create stunning installation art that adds visual interest to any space. Tropical birds are sold in sets of 6. Each is unique in style and form, with an average diameter of 600mm, making them large enough to make quite a statement. Use multiple sets to further maximise impact. You might also consider combining two fabrication styles to create a sense of depth. For example, a set of hanging birds might be used in combination with a set produced as vinyl decals that are applied to walls or windows.

Sold separately in sets of 4, Tropical Palm Fronds are a new addition to the collection. With a width of 590mm and a height of 340mm, they add both volume and a sense of context to the installation art. Teamed with the birds, they look stunning!

## HANGING

Artwork is printed to 3mm thick clear acrylic which ensures the image is of equal print quality on both sides (one side matt finish, other gloss). Each bird is supplied with two lines of clear fluorocarbon wire, to minimise movement that can effect security alarms, plus clips for attachment to ceiling tile grid. Hooks for standard plaster ceilings are at your discretion.

Set of 6 Birds and 3 Tropical Palm Fronds:  
**MLBIRD-HAN**

## WALL MOUNTED

Artwork is printed to 3mm thick acrylic and supplied with three 10mm square clear acrylic blocks that have double-sided tape on both sides, allowing you to mount the birds slightly off the wall, creating a raised/3D effect.

Set of 6:  
**MLBIRD-WAL**

## ADHESIVE VINYL DECALS

Supplied as six separate decals, we are offering two options:

- Standard high-resolution vinyl decal (ideal for smooth plaster walls)
- Translucent vinyl decals (designed for windows)

Set of 6 standard vinyl decals:  
**MLBIRD-VIN**

Set of 6 translucent vinyl decals for glass:  
**MLBIRD-TRA**
